About Lovely Professional University

Lovely Professional University (LPU) is devoted to pursuit of excellence. With a high-tech campus, 3500 faculty and staff, and innovative curriculum and pedagogy, the university seeks to develop leaders who make the difference globally.

Committed to delivering world class education. LPU is the part of several prestigious International Organisation and has connections with Universities and Institutions in more than 10 countries for twinning and students' exchange programmes. It enjoys an enviable track record of launching its students into national and global super brands. Its relentless endeavours to transform Indian education won it the ASSOCHAM rating of the Best Indian Universities in 2013.

The university offers a multitude of cultural, sports and community service activities, facilitated through its various students' clubs and organizations. There is a Mall within the campus that houses the in-campus Uni-hotel, along with the bowling alley, and a state-of-the-art multi gym. The campus also has the Uni-hospital for immediate medical care, fire station, a post office, and various banks - facilities that make LPU a funfilled, safe and comfortable environment for students.

About Tanzanite

Student Organization Tanzanite under the aegis of Division of Student Welfare, Lovely Professional University aspires to conduct events related to cultural, technical and literary spheres of life which emphasises the core values of the society. With more 150 members we aim to engage minds in competitions and events that test their zeal, talent and organised approach towards a particular task and to also effectuate their hidden talent. We intend to perform social welfare work from the funds we collect as registration fee for the events. Our motive is to purely induce confidence, build a healthy competition and a sense of sportsmen spirit in all the young enthusiasts out there, and to organise some of the newer and never seen before contests, which would add up to the feathers of the prestigious hat of our university.

About TGL 2.0

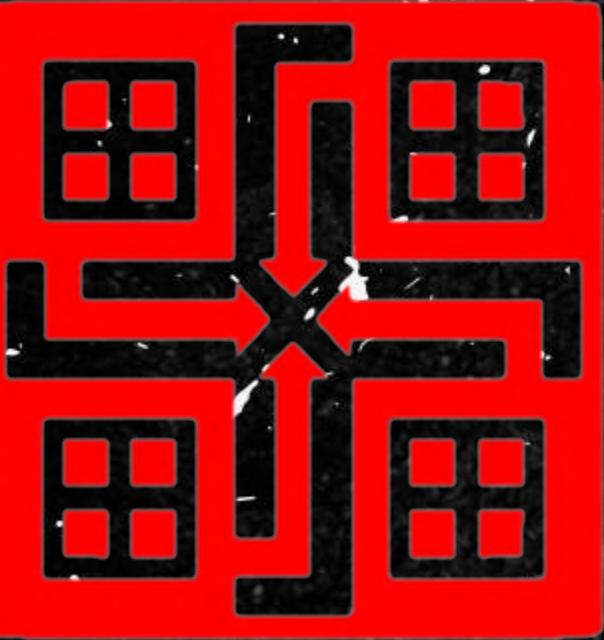

“One of a Kind Gaming Event”

Playing E-games help the players to develop complex problem solving skills, leadership skills and the ability to deal better with unexpected consequences. They also enhance a player's skills of observation, intuitive abilities and hone their alertness and concentration. On the other hand the basic theme of this tournament is to employ more and more people into something creative rather than spending time idly
